

Directions to Granit's Studio

On foot

Our studio is a five-minute walk from Clapham Common Underground Station. Please follow these steps to find us:

Walk along The Pavement, passing the row of shops on your right and Holy Trinity Church on your left.

You will reach Clapham Common Northside on the opposite side of the road to the Experience office building. Please cross here and look for the wooden clad entrance / underpass on the left-hand side of the Experian building.

Walk through the underpass, which will take you through to a set of metal gates, behind which is Porteus Place.

Upon reaching the gate immediately ahead, please use the intercom and scroll down until you reach Offices 18-19, 16 Porteus Place, which is towards the end of the list. We can then buzz you in.

Our studios are on the far side of the courtyard to your right. You may need to repeat the process with the intercom on the next set of gates as they are sometimes locked.

Our offices are in the far-left hand corner of the courtyard at first floor level. You can access our office by stairs on the left under the last bridge, or lift (on the right hand side directly opposite the stairs).

Alternatively, you can enter the site from Macaulay Road. Enter through the pedestrian gate to the left of the vehicle access barrier. Turn right past the residences and you will enter into 16 Porteus Place on your left-hand side (the same process will need to be followed with the intercom to gain access).

Driving

There is no visitor parking within the site and visitors should use metered parking on the adjoining roads of Clapham Common Northside, Macaulay Road and Orlando Road.

We recommend you park on Macaulay Road. The post code for your Satalite Navigation is 'SW4 0QP'.
